

# Government Office Renovations

The expenses associated with maintaining an outdated facility can be significantly higher compared to a modernized, energy efficient building. WESCO understands your need to create a modern, flexible, efficient, and sustainable workplace. Our products and solutions can help you get there.

## What we can do for you

### Sustainability Solutions

Energy costs may represent 40-60 percent of your facility's operating budget. Our portfolio of sustainable solutions will help you retrofit or upgrade your facility to achieve your energy efficiency goals and reduce operating expenses.

- Lighting design
- Energy/power meters and monitoring software
- Integrated Facility System (IFS) switchboards

### Communication and Security Solutions (CSC)

When renovating office space it is important to remember your infrastructure and technology needs.

- Hi-speed structured cabling solutions
- Low voltage specialty wire and cable
- Physical security
- Networking and wireless solutions

### Lighting Upgrades

Energy-efficient lighting solutions save money and improve overall working conditions in an office environment.

- Lighting design
- Open office and private office lighting
- Conference rooms
- Exterior building lighting

### Maintenance, Repair and Operations (MRO)

We make maintaining your facility easy with access to a wide range of MRO products.

- Tools, power and hand
- Test equipment
- Lights and batteries
- Janitorial and sanitation

**Buy American!**  
We will help you source the products you need to meet the ARRA Buy American regulations!

### Assessments and Audits

When deciding where to spend your budget, knowing where to start is half the battle. WESCO offers a range of assessments and audits to help you make informed decisions.

- Arc Flash Assessment and Review
- Lighting Audit
- Energy Audit
- LEED Credit Certification Solutions
