

Wastewater Treatment Renovations

WESCO understands that aging infrastructure, stringent regulatory requirements, and limited budgets are common challenges for owners and operators at community wastewater treatment facilities. WESCO can help you meet the increasing demands on your systems. Our electrical, electronic and data communications solution set and experience can help your wastewater treatment plant operate more efficiently to better serve your neighborhood.

What we can do for you

Electrical Distribution Upgrades

If your electrical gear is old and not serviceable, it's time for an electrical upgrade. Upgrading your electrical distribution system can help solve common electrical problems such as ground faults, tripping breakers and control system failures.

- Switchgear
- Control panels
- Transformers
- Lugs, terminals and connectors
- Boxes and enclosures
- Wire, cable and conduit
- Maintenance, Repair and Operating Supplies (MRO)

Communication and Security Solutions (CSC)

The Secure(it)[™] program is focused on providing innovative infrastructure solutions in line with the DoD Defense-in-Depth strategy and the increased focus on Information Assurance and network security across both the government and commercial IT community.

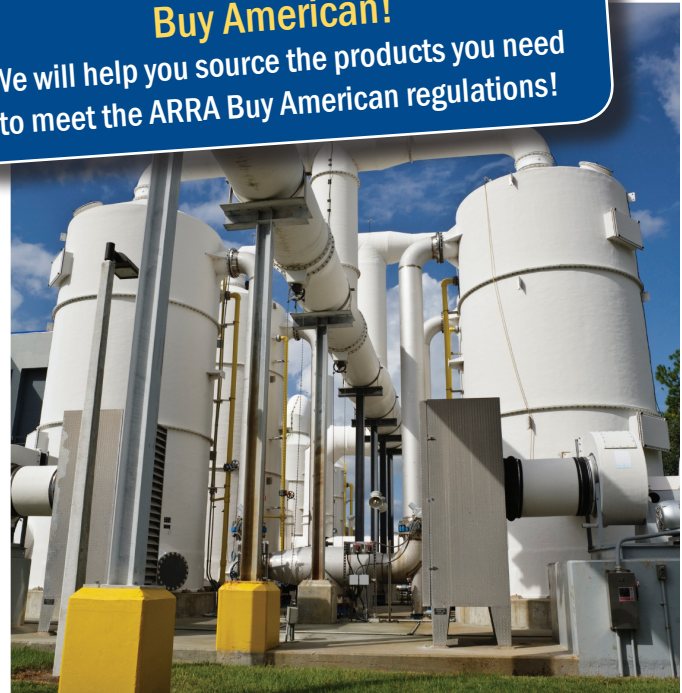

- Physical security solutions
- Data solutions
- Critical infrastructures
- Secure network deployments

Lighting Upgrades

Proper lighting will make your facility more secure from intruders, protect your employees from certain hazards, and help you meet energy saving requirements.

- Exterior lighting
- Interior lighting
- Emergency lighting

Buy American!
We will help you source the products you need to meet the ARRA Buy American regulations!

Assessments and Audits

When deciding where to spend your budget, knowing where to start is half the battle. WESCO offers a range of assessments and audits to help you make informed decisions.

- Arc Flash Assessment and Review
- Lighting Audit
- Energy Audit

We make ordering easy!
